

Your service may be interrupted.

Dear Equinix Customer,

To continue to provide you with the most reliable service, the following maintenance is required:

DATE: 18-APR-2021

SPAN: 18-APR-2021 - 18-APR-2021

LOCAL: SUNDAY, 18 APR 07:00 - SUNDAY, 18 APR 23:59

UTC: SUNDAY, 18 APR 06:00 - SUNDAY, 18 APR 22:59

IBX: LD4

Planned maintenance action: Please be aware that Equinix and our approved contractor will be replacing PDU 8.1 During this period of works cabinet redundancy will be reduced to N, the PDU supply will be isolated and customer cabinets will be powered by the alternative PDU supply.

Only one PDU will be worked on during this period of works.

Recommended action: Customers to ensure equipment is correctly fed

Duration: Duration of replacement expected to take 12 hours

Impacted assets:

The equipment being maintained supports your circuits indicated in the table below.

Account#	Cage #	Cabinet #	Serial #	Circuit Type
1***0	0****1	0**4	2*****6	Redundant
